SOCIAL WORK (M.S.W.)

https://chhs.unh.edu/social-work/program/msw/social-work

Description

The University of New Hampshire's M.S.W. program provides a quality educational experience that prepares graduates for Advanced Generalist practice consistent with the purposes of the social work profession. It concentrates on strengths and empowerment models that encourage individuals and families, and communities and organizations to realize their full potential.

Fields of Practice

MSW students will be able to select three electives in one or more of the following:

- 1. Health and mental health;
- 2. Addictions and substance abuse;
- 3. Children, youth, and families,
- 4. Disabilities; or a self-designed field of practice.

Program Options

The Durham Campus Program is our traditional model with classes held on campus. It takes two years to complete the full time program, with part time course of study of three and four years. Required first year courses are scheduled Monday-Wednesday leaving Thursdays and Fridays open for first year internships. Second year courses are scheduled Wednesdays and Thursdays leaving Monday. Tuesday, and Friday for internships. The Durham program admits once a year in the fall

The M.S.W Online Program allows students to earn their Master of Social Work degree online in 28 months. M.S.W online students are required to complete two internships at a program or agency in their local community and work with Social Work Department internship office to identify acceptable sites. Internship seminar and Practice classes will have weekly synchronous online classes help on Monday or Wednesday evenings. The online program admits three times a year (fall, spring, summer). No campus visits are required at any time.

Advanced Standing is an option for eligible students who have graduated from an accredited B.S.W. program within five years. This option is available in Durham or online. Admission to this program is every summer for Durham and every fall for online.

Requirements

M.S.W. Degree Requirements

An M.S.W. candidate must complete 62 credit hours of 800- or 900-level courses including two, two-semester internships, comprising a total of 1,240 hours. Grades below the B level in a graded course or a "fail" in a credit/fail course are considered failing grades for the purposes of determining academic standing. Repeating a course does not remove the original failing grade from the record. Graduate students receiving failing grades in 9 or more credits, received either in three courses or in any

combination of courses taken twice, will be dismissed from the M.S.W. program.

Although a significant portion of the curriculum is required, students will be able to complete three elective courses. At least one of these must be taken from among Department of Social Work course offerings.

Core MSW Program Advanced Generalist Courses

	rogram Maranoca ocheranot obaroco	
Code	Title	Credit
Core courses		
SW 820	Social Welfare Policy I

Accelerated Master's

This graduate program is approved to be taken on an accelerated basis in articulation with certain undergraduate degree programs.

<u>General Accelerated Master's policy</u>, note that some programs have additional requirements (e.g. higher grade expectations) compared to the policy.

Please see the <u>Graduate School website</u> and contact the department directly for more information.

The Accelerated Masters (also referred to as early entry) program allows you to take graduate credit course senior year and have greater access to MSW elective options. It also provides students with the option of completing graduate certificates, such as the Child Welfare or Substance Use Disorder Certificates.
