

MUTUALLY EXCLUSIVE COURSES

Courses are mutually exclusive when course content is too similar to earn credit for both courses.

Students may not enroll if they have completed any mutually exclusive courses with a passing grade.

Petition for Variance in Academic Policy must be submitted for a mutually exclusive course to:

- Request permission to register due to exceptional circumstances.
- Request permission to exercise the repeated course rule.

Note: credit will not be awarded for the most recent course completed, unless approved by petition.
