

ENTREPRENEURSHIP MINOR

<https://paulcollege.unh.edu/business-administration/program/minor/entrepreneurship>

Description

The Minor in Entrepreneurship in the Peter T. Paul College of Business and Economics is for non-business majors. The minor provides non-business students with concepts, tools and techniques to become creative thinkers, conceptualize and articulate problem statements, construct innovative solutions, and explore and seek opportunities. The focus of the minor is not about creating startups, although this may be an ancillary outcome, rather on entrepreneurial thinking that make the students engage in successful careers in their respective disciplines.

The minor consists of required courses offered by Paul College and two courses from a selective list offered by other UNH Colleges. The Paul courses are designed to follow a proscribed sequence that take the student through the entrepreneurial process.

Requirements

Academic policies related to minors.

Code	Title	Credits
Required Courses		
MGT 520	Topics in Management (Thinking like an Entrepreneur)	4

HMP 722	Health Care Management II	
RMP 775	Entrepreneurial and Commercial Recreation	
TECH 750	Intellectual Asset Management for Engineers and Scientists	
*For other course options contact the Associate Dean for Undergraduate Education		
Total Credits		20

Please note:

- The remaining two courses can be from Paul College or the student's home college, depending on suitability and availability of the courses as well as a student's interest to specialize in a specific area within the Minor, and subject to approval – please contact Undergraduate Programs and Advising Office to discuss approval process.
- Some of the listed courses are “special topics” (or equivalent). Please make sure that the course has the same title (not simply the same number) as the listed course in order for it to count for the minor.
- The Entrepreneurship Minor also follows UNH policy for minors
