

BIOCHEMISTRY, MOLECULAR AND CELLULAR BIOLOGY MINOR

<https://colsa.unh.edu/molecular-cellular-biomedical-sciences/program/minor/biochemistry-molecular-cellular-biology>

Description

Students who wish to develop focused competencies in biochemistry, molecular biology, and/or cell biology can complement their major academic program with a minor in biochemistry, molecular and cellular biology (BMCB).

Requirements

Academic policies related to Minors.

- Complete 20 credits from the courses listed below, with a grade of C-minus or better.
- C average (2.00) is required in courses that the minor program approves.
- No more than 8 credits used to satisfy major requirements may be used for the minor.
- Pass/fail courses may not be used for the minor.

Select from the following courses:

Code	Title	Credits
BMCB 605	Principles of Cell Biology	4
BMCB 750	Physical Biochemistry	3
BMCB 751	Principles of Biochemistry I	4
BMCB 752	Principles of Biochemistry II	4
BMCB 753	Cell Culture	5
BMCB 754	Molecular Biology Research Methods	5
BMCB 755	Protein Biochemistry Laboratory	5
BMCB 760	Pharmacology	4
BMCB 763	Biochemistry of Cancer	4
BMCB 794	Protein Structure and Function	4
BMCB 795	Investigations in Molecular and Cellular Biology (4-credit maximum)	1-4
GEN 704	Microbial Genetics and Genomics	5
GEN 771	Molecular Genetics	4
