

# FORESTRY MINOR

<https://colsa.unh.edu/natural-resources-environment/program/minor/forestry>

## Description

The minor in Forestry serves as a concentrated study, beyond a student's primary major, that allows students to explore their interest in forest ecology and management, and to build skills that can help launch a career in forest conservation.

## Requirements

- Academic policies related to Minors.
- The minor consists of completing five courses (20 credits) with a grade of C- or better.
- Pass/Fail courses may not be used for the minor.
- Up to 8 credits can be used to satisfy both major and minor requirements.

| Code  | Title  | Credits   |
|---|--|-----------|
| <b>Required Courses</b>   |  |           |
| NR 425  | Field Dendrology                               | 4         |
| NR 527  | Forest Ecology                                 | 4         |
| Select one course from the following:                                     |  | 4         |
| NR 749  | Forest Inventory and Modeling                  |           |
| NR 757  | Remote Sensing of the Environment              |           |
| Select one course from the following:                                     |  | 4         |
| NR 729  | Silviculture                                   |           |
| NR 745  | Forest Management                              |           |
| <b>Electives</b>  |  |           |
| Select one of the following or one of the alternative courses from above: |  | 4         |
| NR 506  | Forest Entomology                              |           |
| NR 564  | Urban Forestry and Arboriculture               |           |
| NR 643  | Economics of Forestry                          |           |
| NR 658  | Introduction to Geographic Information Systems |           |
| NR 703  | Watershed Water Quality Management             |           |
| NR 734  | Tropical Ecology                               |           |
| NR 765  | Community Ecology                              |           |
| NR 781  | Agroforestry                                   |           |
| NR 782  | Forest Health in a Changing World              |           |
| <b>Total Credits</b>  |  | <b>20</b> |
